The Contractor and all Subcontractors shall hire at least 75% of all positions (over and above the Core Crew) and 100% of their Group 1-4 Laborers through the Fort Berthold Reservation TERO office.

Each Contractor and Subcontractor shall prepare a list of workers needed to complete the labor force as defined above. This list shall be submitted to the TERO office at least 72 hours (not including Saturday and Sunday) prior to commencement of construction activities. The TERO office shall then see that the qualified employees are available for work at the time and date indicated by the Contractor. If any of the employees have not reported for work within 24 hours of start-up time, the Contractor shall be free to hire by his/her own methods. The Contractor must abide by the Indian preference requirements when hiring additional and replacement workers.

After construction activities have commenced, requests for additional and replacement workers shall be made to the TERO office. The TERO office shall have 24 hours to furnish such employees. If the employees are not provided within this time, the Contractor will be at liberty

to do his/her own hiring. The Contractor must abide by the Indian preference requirements when hiring additional and replacement workers. After the Contractor has hired an additional or replacement employee or subcontractor, the Contractor will be permitted to retain this employee or subcontractor through completion of the Project. The Contractor will not be required to displace workers or subcontractors on the Project.

The established Tribal Employment Rights (TERO) fee is two percent (2%) of and the established TERO Training fee is one-half percent ( $\frac{1}{2}\%$ ) of the Contract amount associated with work inside the exterior boundaries of the Fort Berthold Reservation, resulting in a total of two and one-half percent ( $2\frac{1}{2}\%$ ) in taxes and fees to be assessed to the applicable portions of the Contract.
